

The Luxury Body Dryer

Treat yourself to a little luxury each day

- The product uses around 130w with Fan Only, 4.5kW with Half Heat and 9kW on full power.

- The noise levels are similar to using a hairdryer and some approx figures are:

* Low Fan 0.5m 73dB

* Low Fan 1.0m 70dB

* Low Fan 2.0m 66dB

* Hi Fan 0.5m 76dB

* Hi Fan 1.0m 73dB

* Hi Fan 2.0m 69dB

- The heat settings do not affect the noise levels.

- It has BEAB approval and if referring to the potential of the product to overheat a room, that is the purpose of the automatic 10 minute cut-off feature.

- A family of four could save two towel washes a week.
